FIX YOUR GUT

Probiotics are generally safe for everyone to support the overall health. However, it's not suggested for people who have chronic illnesses or immune deficiency.

Probiotics for your Gut Health

Probiotics are live bacteria and yeasts which provide many health benefits to your body. It is primarily used to maintain your the digestive health and boost the immune system. Probiotics help to restore balance between good and bad bacteria in your body to function properly.

BioGaia Gastrus \$40

A unique probiotic to support a healthy
functioning stomach.

*Usage: Chew one tablet a day, or as directed by your health
care professional. Use regularly for good stomach health or
when temporary stomach discomfort occurs.*
